View this case study on WallerServices.com

Aluminium Shop front

We installed aluminium shop fronts at Starbucks coffee house in Chatham. We were then asked to install an additional shop front at the same retail complex. Wok & Go noodle bar is the latest addition at Chatham Dockside Outlet Centre. We installed the new aluminium shopfront in a three day schedule. This allowed the overall building project to continue and be completed on time.

Commercial Glazing

The commercial glazing sector is a growth area for Waller Glazing. We work in the education and healthcare sectors. The retail sector is also a growth area. This is due to many new retail developments in the south east. We install shopfronts and curtain walling. We also install commercial windows and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Glazing

In the last five years, Waller Glazing has worked in many commercial environments. Our reputation is growing fast. The services provided range from window repairs through to complete window and door installations. We repair glass and replace broken double glazed units. Additionally we can repair door and window handle and hinges. One of the major areas that we are continuing grow is window replacement and installation in schools. We install both aluminium and uPVC windows and doors. Waller Glazing is -Fensa, Chas, Constructionline and safecontractor approved. We are also a Kent County Council approved contractor. You can be assured that we are a company that is built on trust. If your school is planning a window project, we would be delighted to provide you with a quotation. Furthermore we would be happy to give you a price for any window repairs.
