School Canopies

Due to the lack of shade within the main playground of the school. This meant additional weather protection was required. The answer was to install two school canopies. We supplied and installed these alongside an existing canopy. This resulted in an additional 45m $^{2-}$of protected area being created. The original canopy was also chemically cleaned. This enhanced the overall appearance of the new installation and school were very pleased with the results. An additional cantilever canopy was also installed to the main reception entrance. This -provided weather protection and improved the aesthetics of the building.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Building Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
