Charing Surgery, Near Ashford

This is our largest project to date. At nearly £1.1 million and we were awarded the contract under a two stage tendering procedure. The works, at Charing surgery, consisted of the construction of a new extension to the surgery and pharmacy. This was to provide improved facilities for the local residents. The extension incorporates four luxury apartments above the surgery. Also included is the provision of a landscaped garden area, a large garage block and car parking area that serve the apartments. This was two weeks early and under budget. This was due to the great working relationship of the entire design and construction team.

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of -growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Building approved by Fensa, Chas, Constructionline and safecontractor. We are also a Kent County Council approved contractor. You can be assured that we are a company that is built on trust. If you are planning a building project we would be delighted to provide you with a quotation. We would also be happy to give you a price for any refurbishment works.
