Cubitt House, Folkestone

The Cubitt house, Folkestone project was started in the summer of 2004. It -involved the construction of a new lift shaft and improvement works to a sheltered housing scheme. The works consisted of a new communal door entry system, provision of disabled ramps and entrance facilities to the building and the installation of new a communal kitchen and disabled toilet. The photos show the works at the completion stage.

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of -growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Building is -Fensa, Chas, Constructionline and safecontractor registered. We are also Kent County Council registered contractor. You know that we are a company that you can trust. If you are planning a building project we would be delighted to provide you with a quotation. We would also be happy to give you a price for any refurbishment works.
