MFL Concourse Toilet Refurbishment

In the summer holidays we undertook an interesting alteration. This was to one of Thomas Aveling School's toilet areas. They requested that we carry out the their MFL concourse toilet refurbishment project in the summer holidays. The project entailed forming larger door openings to give an open feel to the area. This gave the students a fresher modern environment to enjoy.We also installed the new bright cubicle systems and sanitary ware. We additionally installed a new fully compliant disabled toilet.

Waller Building Services in Schools

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in your school. You can also be confident that we are a company that is built on trust. If your school is planning any size of project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for you.

Building Services We Provide

We cover all of the building as well as glazing services that a school may need. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Furthermore the glazing division carries out window repairs. We also install uPVC and aluminium windows and doors. View our case studies to see projects we have recently completed on our website.
