Six Form Study Room

This contract consisted of carrying out a complete renovation of the Six Form Study Room area at Meopham School.

The project consisted of wall, ceiling and flooring removal. This was followed by a complete refurbishment with new suspended ceilings, networking and electrical points. Additionally -floor coverings and full decoration was carried out.

Broken windows were also replaced and solar film applied to help regulate the temperature of the room for the students. The six form study room is now a light and spacious area. The school is very pleased with the final results with the students are making good use of their new large study room.

Waller Building Services in Schools

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in your school. You can also be confident that we are a company that is built on trust. If your school is planning any size of project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for you.

Building Services We Provide

We cover all of the building as well as glazing services that a school may need. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Furthermore the glazing division carries out window repairs. We also install uPVC and aluminium windows and doors. View our case studies to see projects we have recently completed on our website.
