Project 107: School Pathway Resurfacing

Client: Aylesford Primary School

Programme: 4 Days

Construction Details:

View this case study on WallerServices.com

School Pathway Resurfacing

We carried out these school pathway resurfacing works for Aylesford Primary School near Maidstone. The school requested that we resurface the main entrance path and areas of the children's playground. Additionally, an access pathway to the car park also needed resurfacing. We resurfaced potentially unsafe zones of the play ground to eradicate trip hazards. Amongst the ground improvements were a new pathway that enhanced the look of the school entrance. The caretaker was extremley pleased with the results and commented on the professionalism of our workmen.

For information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor registered. All of our workmen are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
