Oak Staircase With Glass Balustrade

Oak Staircase With Glass Balustrade – The client was after a contemporary feel to his property without being detrimental to the original features.- The original softwood staircase was not in keeping with the property itself. This was replaced with an Oak designed staircase and glass balustrade. This means that natural light will illuminate the lower entrance area which would otherwise be quite gloomy. This modern incorporation is an excellent example of modern construction methods in older properties.

Waller Building Services

Established in 1993, Waller Building Services has been growing ever since. We regularly work in the residential and commercial sectors. Clients include schools, local authorities and private customers. Our building services consist of smaller refurbishments through to extensions and new builds.- Waller Building Services is a Fensa, Chas, Constructionline and Safecontractor company. We are also a Kent County Council contractor.-You can be confident that we are a company you can trust. If you are planning any size of building project, we would be delighted to provide you with a quotation.

Waller Glazing Services

Waller Associates introduced Waller Glazing Services in 2010. The glazing projects range from glass repairs through to complete window and door installations. Our customers are commercial and residential. You can view examples of our glazing projects on our web site. Equally you can also see our building case studies on the website.
