Project 117: New Bow Top Playground Fencing

Client: Iwade Community Primary School, Sittingbourne

Programme: 1 Week

Construction Details: Fencing, Ground Works

View this case study on WallerServices.com

New Bow Top Playground Fencing

Iwade Primary school had a playground area that was previously enclosed by high chain link fencing. This was removed by the school and they needed low level, new bow top playground fencing in-keeping with over areas of the school grounds. The finished result provides the school with an area that feels open but still has the benefit of providing the children a safe area to play in. This is enhanced by the installation of three lockable gates that can also be used to manage the area more efficiently.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Building and Glazing Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
