Primary School Improvement Works

Sutton at Hone School asked us to carry out some of their primary school improvement works. They required a face lift to its IT classroom as well as two meeting rooms. The school had a very strong idea of what they wanted to achieve and working closely together all of their requirements were met. Accordingly we installed two replacement uPVC windows with double glazed toughened glass. Alterations to a previous store room to allow an additional tuition area were created. New hard wearing wood effect vinyl flooring was installed to all rooms. Additionally, new vertical blinds were fitted and full decoration was carried throughout. These works significantly improved the look of all of the rooms we worked in.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Building Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
