Project 127: ICT Suite Refurbishment

Client: Hoo St Werburgh School, Rochester, Kent

Programme: 2 Weeks

Construction Details: Carpentry, Decorating, Heating, Plumbing

View this case study on WallerServices.com

ICT Suite Refurbishment

This school ICT suite refurbishment works were carried out at short notice. The works included altering the heating system, forming a new door set as well as redecorating the whole room. We had a tight deadline to follow which enabled the client to utilise the new facilities as soon as possible. Consequently, this allowed the clients nominated contractor to install the new desks and computers to suit the new layout.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Building Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
