School Window Installation

Waller Glazing was successful in winning this School window installation tender. The £125,000 project started with us replacing 90 wooden windows with uPVC double glazed windows. The works started during the Christmas Holidays of 2012/2013.-Sash and casement windows were installed into the original 1890's building. The staff noticed an immediate difference in the temperature. The windows were manufactured to match the existing design to keep the original look of the building.

Due to this being a special needs school we programmed the work to fit in with the schools timetable. This included working at weekends and school holidays to conform with the school's security and health and safety policies.

Additionally Waller Building Services also replaced the guttering and carried out alterations to the roof. The project was completed by the end of Easter. Therefore the works were carried out within budget and on time.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
