School Glass Atrium

Waller glazing won this Kent County Council tender to replace a school glass atrium. The atrium had been causing problems for years. This was due to to the age and poor design. We designed a vastly improved glazing system. This comprised of a-powder coated aluminium structural membrane and self cleaning blue tint double glazed unit.

The £35,000 project was anticipated to take three weeks but due to extremely good co-operation with the school, we completed in two weeks and on budget.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
