PROJECT 134: Foord Alms Houses

Client: Foord Alms Houses

Programme: 4 Weeks

Construction Details: Box Towers, Crittal Windows, Face Putties, Glass Repairs, Ladders, Lead Lights

View this case study on WallerServices.com

After a recommendation from a local Architect we received a call from the site Manager of Foord Alms Houses .His request was that the leaded windows were repaired or replaced to their original state.

With 30 years experience in glazing we was able to survey ,Quote and Carry out works with minimum inconvenience to the staff and Tenants'.

Works finished on time and to our customers wishes.

Building on trust... together
