Window Installation Including Red Infill Panels

Maidstone Grammar School asked us to carry out this window installation including red infill panels. The uPVC double glazed windows and infill panels were to replace the original crittall windows. We installed the windows into the drama studio. The style and colour needed to blend in with previously upgraded areas of the school. We matched the red panel with their existing panels.

As a result of the new windows the school can reduce heating costs due to the improved thermal efficiency along with reducing maintenance costs.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
