# Project 144: New Door With Side Screen

**Client:** Delce Infant School Rochester

**Programme:** 2 Days

**Construction Details:** Decorations, Fire Door, Fire Glass

View this case study on WallerServices.com

**New Door With Side Screen**

Delce Infant school required a new door together with side screen to infill an existing opening between two offices.

The works require installing a new sub-frame complete with bespoke side screen. Additionally the door and screen needed to be fire compliant and match an existing door within the office. The works were carried out over two days that were convenient with the school to cause as little disruption as possible.

The school are very happy with the finished result and we are looking forward to working with them again in the future.

**Waller Building Services in Schools**

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

**Building Services We Provide**

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.
