Environmental Works and Middle Garth, Cranbrook

This environmental works project was carried out to a block of flats for a housing association in Kent. The aim was to improve the environment of those that live in the block by carrying out various external works. The works consisted of replacing the existing chain link fence with metal roll top fencing and gates, installing new aluminium entrance doors to the rear of the block, installing a new area to store the communal wheelie bins, providing a new drying area and erecting new metal storage sheds. As part of the project, we were tasked with demolishing the existing brick built shed with an asbestos roof all whilst the inhabitants continued to live in their properties. The project was successful in achieving its aim and the client has received no shortage of positive feedback since the works were completed.

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of -growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Building is -Fensa, Chas, Constructionline and safecontractor approved. We are also a Kent County Council approved contractor. You can be assured that we are a company that is built on trust. If you are planning a building project we would be delighted to provide you with a quotation. We would also be happy to give you a price for any refurbishment works.
