Nursery Toilet Refurbishment

The following nursery toilet refurbishment was carried out at Hoo Day Nursery. They required that the existing toilets in one of the classrooms be updated. The works involved the removal and replacement of all the exiting sanitary wear and cubicles. Alterations were made to pipework and drainage and we introduced a secure cupboard for the gas meter. An addition cupboard was also formed to house a sluice sink required by the nursery.

The staff are extremely pleased with the finished results.

Waller Building Services in Schools

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in your school. You can also be confident that we are a company that is built on trust. If your school is planning any size of project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for you.

Building Services We Provide

We cover all of the building as well as glazing services that a school may need. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Furthermore the glazing division carries out window repairs. We also install uPVC and aluminium windows and doors. View our case studies to see projects we have recently completed on our website.
