Project 180: Front Entrance Foyer

Client: Riverside Primary School, Rainham, Kent

Programme: 2 Days

Construction Details: Aluminium, Free design/survey., Graphics, Painting, Safety Glass

View this case study on WallerServices.com

Front Entrance Foyer

Riverside School originally had a canopy over the main entrance doors, however, when the wind blows (especially on really windy days) it clears all the paper work on the receptionist's desks which irritated the staff. The wind blowing through the building also made it extremely cold in the winter months. Waller Glazing was asked to provide a solution to reduce this problem. Our answer was to construct a front entrance foyer made of glass.

Firstly our professional team visited the site and with our building and construction experience we came up with a solution to reduce the wind from entering the building. We installed two aluminium frames complete with double glazed safety glass. The framing would be fitted into the existing structure enclosing each side of the entrance door. Personalised graphics showing Riverside Schools name were applied to the double glazed safety glass after installation.

This has reduced the wind effect that the staff in the reception were experiencing.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
