Window Plus Infill Panel Installation

Riverview School originally contacted us to provide a quotation for replacement double glazed units that had misted up. The school were so impressed with our price that they inquired how much it would be to completely replace all of the windows. The cost for window plus infill panel installation pleasantly surprised them. We carried out a survey to the required area, which entailed the replacement of curtain walling to one side of the school, including the installation tilt and turn windows with a coloured infill panel below to match existing areas.

The works were carried out in the school holidays to cause minimal disruption to the school and were completed on time for the children's return. Once the school had reopened, we found out the head teacher had commented on what she said was a great job "it was like no one had been in, everything was left clean and tidy"

The school have contacted us and placed an order for a further 2 sections to be complete in the next summer holidays (August 2014)

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
