New Office

Due to the extra space needed for the administration team at the Swale Academy Trust office the renovation of the old school toilet which wasn't being used into an office was the most practical solution. Working closely with building control, we ensured that the transformation of the old toilet into the new office was full approved. We started by removing all of the tiling, cubicles and sanitary wear before we blocked up the waste pipes and capped all necessary water supplies. -A new doorway was installed leading from the old toilet into the main office. This meant that the administration team could work closely together. An external wall was removed and new windows fitted with new blinds to let the adequate amount of light needed into the newly formed office. The staff were extremely happy with the end results and are looking forward to moving in.

Waller Building Services in Schools

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in your school. You can also be confident that we are a company that is built on trust. If your school is planning any size of project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for you.

Building Services We Provide

We cover all of the building as well as glazing services that a school may need. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Furthermore the glazing division carries out window repairs. We also install uPVC and aluminium windows and doors. View our case studies to see projects we have recently completed on our website.
