Testimonial

"The works have been carried out to a high standard and we look forward to working with you again in the future"

- **Richard Pearman (Senior Surveyor, Fusion)**

Library Windows

Waller Glazing Services was successful in winning the tender to replace the library windows and doors at Brooklands College. The project required the upgrading of over 100 windows and infill panels. Additionally, the fire exit doors were also to be replaced. The original windows were wooden framed and single glazed, we replaced these with uPVC double glazed windows. After installation, the new windows now meet a u-value of 1.6. Likewise, there is an improvement of 1.1 u-value with the new infill panels. This improves the heat retention significatly. Each window was glazed with toughened safety glass. This has a low e coating. Additionally Teleflex winders were installed which allows for the easy opening of high level windows.

The project was completed within 4 weeks and on time. Consequently there was no disruption to the students.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs and complete UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in your school. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
