Thackeray's Restaurant

Waller Building Services were commissioned to carry out external maintenance and improvement works to a Michelin starred Thackeray's Restaurant, Tunbridge Wells. Built in the 1660's, this Grade II Listed Building required great care and sympathy especially with the type of materials being used. We carried out an intrusive dilapidation's survey and found windows to be rotten. Additionally the gutters were failing, there was deterioration of the decorative coatings and the roof in urgent need of repair. Wherever possible reclaimed materials were sourced, such as Kent peg tiles. This ensured that the building did not lose any of its aesthetic charm or character. We anticipated the works to take up to 10 weeks but were actually completed in seven. We also managed to come in under budget even though there were additional roofing works required.

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of -growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Building registered with Fensa, Chas, Constructionline and safecontractor. We are also approved by Kent County Council. Waller Services is a company that you can trust. We would be happy to supply you with a quotation for any size of project. Alternatively, we would also be happy to give you a price for any refurbishment works.
