School Toilet Refurbishment

Rainham School for Girls contacted us regarding a school toilet refurbishment. They were interested in the refurbishing both sets of their L Block toilets. The toilets were old and outdated, with asbestos cisterns and painted brickwork. The works were carried out during the May half term and a few weeks either side during school time.

The refurbishment works involved the removal and replacement of all the existing sanitaryware, toilet cubicles and four large vanity units – each housing five wash hand basins. To help with the future maintenance of the toilets, we laid flooring with a coved skirting. We decorated the walls using acrylic eggshell paint which is significantly easier to clean. Additionally we installed suspended ceilings with LED light fittings. This was a particularly enjoyable project, seeing the transformation from old to new.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Glazing Services

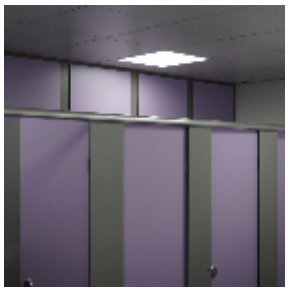

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
