School Boundary Fencing

Waller Building Services has just installed this school boundary fencing. The fence to Riverview Junior School required replacing due to damage by years of growth of trees and bushes. The school chose to install green powder coated palisade fencing. This was so that it matched the existing fencing around the school. Prior to our arrival the area was cleared of foliage by the school's in-house groundsmen. We erected temporary fencing to separate the students from the working area, consequently, all safety issues are met. Using the experience that we have gained from previous projects the works were carried out within the agreed time scale. The school was extremely pleased with the finished result.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Glazing Services

We also have a glazing division which works with schools. Our glazing projects range from window and glass repairs through to carrying out complete window installations.
