Window and Door Installation

Waller Glazing carried out the window and door installation -at a local primary school. The existing windows had reached their life expectancy. As a result, the classrooms were not achieving the desired thermal efficiency so new uPVC windows were installed to correct this. Additionally, white uPVC cladding was fitted to match the windows. As well as this we fitted blue commercial doors which improve durability and the security to the classrooms.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
