Sittingbourne Primary School Toilet Refurbishment

After carrying out a Sittingbourne primary school toilet refurbishment, they contacted us to improve an additional toilet block. This time the school chose a ‘water world’ design theme to brighten up the previously dark area. Following the same layout as before, the communal hand wash area was fitted with back to back vanity units. Push button taps were installed to help reduce the water usage of the school. This will significantly lower the school’s costs.

The project was completed within the school summer holidays and were are extremely pleased with the results.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Glazing Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
