School Reception Reconfiguration

School Reception Reconfiguration. Kemsley Primary School had an idea of how they would like to their reception area to look. As a result we helped them to achieve their vision by carefully planning the design. We also liaised with Building Control to make sure the improvement works would meet current regulations.

The works took place over the summer holidays. Additionally,a new layout incorporating a bespoke reception desk and glazed partition were installed.

The school directly commissioned a bespoke carpet to complete the project. The installation was programmed into our project to make sure all works were finished on time. The project was completed before the start of the new school year. Consequently there no disruption to the school.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Glazing Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
