Regis Manor Primary School Toilets Refurbishment

We carried out the Regis Manor Primary School toilets refurbishment in the summer holidays. They asked us to furbish of three sets of their toilets. They were, Year R boys, Years 3-4 boys and Years 3-4 girls.

Before we started the project, all three sets of toilets were accessed via a room off of the corridor. Both sets of boy's toilets suffered from intense odours and the girl's toilets were old and out dated. The refurbishment works involved the removal of the old doors; the replacement of all the sanitary ware–and toilet cubicles. Additionally we also re-plastered each room completely. In addition to that, we formed new door openings which means the toilets are now accessible from the corridor.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds.
