Classroom Refurbishments

Riverview Infant School had commenced a long term classroom refurbishments programme. Waller Building Services were asked to continue this refurbishment. Each room was to be completed in the same design as the previous classrooms. During the project all doors, flooring and decoration works were matched to the existing room the school previously had refurbished. Across 5 classrooms, 315 m² of flooring was laid. Consequently, new lighting really improved the learning experience of those using the classrooms. While the rooms looked identical, the choice of different coloured carpet was an option. We completed the works during the summer holidays working to a very tight programme. This enabled the works to be carried out without any disruption to the school.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.

Waller Glazing Services

We also have a glazing division that works with schools. Waller Glazing projects range from glass repairs through to complete window installations.
