Garage Conversion

A garage conversion was the obvious choice in forming an additional downstairs toilet and washroom. Due to a change in a family circumstance, we worked with the client's occupational therapist to meet the requirements. As well as this we involved building control to ensure that the works met all of the regulations. The result was a lovely, quiet and tranquil hotel style suite. This project specifically met the clients needs. It also provides a perfect place to relax.

Waller Building Services

Established in 1993, Waller Building Services has been growing ever since. We work in the residential and commercial sectors. Our clients include schools, local authorities and private customers. Our building services consist of smaller refurbishments through to extensions and new builds. Waller Building Services are also members of Fensa, Constructionline, Chas and Safecontractor.-You can be confident that we are a company that is built on trust. If you are planning any size of building project, we would be delighted to provide you with a quotation. Recent projects include kitchen and toilet refurbishment, extensions and new builds.

Waller Glazing Services

We also have a glazing division. Waller Glazing Services was an addition in 2010. We install uPVC and aluminium windows to homes and schools accross Kent. We also carry out window and glass repairs. Recent glazing projects we have completed can be found on our website. Equally you can also view our building projects there too.
