Primary School Toilet Refurbishment

Primary School Toilet refurbishment . A year after supplying a quotation to Lower Halstow school, funding became available. This allowed Waller Building to go ahead with the project. The boy's toilets were in the need of refurbishment. The improvements included new flooring with cove skirting, full decoration throughout and solid grade cubicle systems. The result is a comfortable area for the students. Works were completed during the school summer holidays which meant little disruption to the school.

Waller Building Services in Schools

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in your school. You can also be confident that we are a company that is built on trust. If your school is planning any size of project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for you.

Building Services We Provide

We cover all of the building as well as glazing services that a school may need. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Furthermore the glazing division carries out window repairs. We also install uPVC and aluminium windows and doors. View our case studies to see projects we have recently completed on our website.
