New School Reception Area

A school in Maidstone asked us to look at planning a new reception area. Palace Wood's reception didn't function the way they desired. The school asked Waller Building to alter the layout to make it more secure as well as create more space. There was a canopy to protect visitors from the weather while they waited outside before being allowed into the building. Unfortunately the canopy had deteriorated. This restricted daylight from entering the reception which made it dark. By installing a glazed partition with a mag-lock controlled door, a new bespoke reception desk with a service window and the removal of the canopy, we were able to create a safe, secure and sunlit lobby.

Waller Building Services in Schools

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.
