School Toilet Refurbishments

Waller Building Services carried out these school toilet refurbishments at Langton Junior Academy in Hornchurch, Essex. The toilets were old and needed updating. We were asked to refurbish three staff toilets, a disabled toilet as well as two student toilet blocks. Everything had to go including the toilet block's asbestos roof. We constructed new flat roofs, completely redecorated the walls and laid new flooring. Additionally new suspended ceilings with LED lighting panels were installed. New SGL cubicle systems were installed too. We also replaced the old timber framed windows with aluminium framed double glazed windows which will vastly improve the energy efficiency.

Waller Building Services

In the last five years, Waller Building has worked in over 125 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services in Schools

We cover all of the services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website to see projects we have completed. Additionally, view the case studies of the services we have recently completed.
