Pub Toilet Refurbishment

A pub toilet refurbishment was carried out for chef Richard Phillips who runs this award winning gastro pub in Whitstable. We were asked to refurbish the small ladies toilet in a tight time frame. The pub was only closed for two days. The gent's toilets were also refurbished during the week. The ladies toilets we completely ripped out and the layout was redesigned to utilise the space. This included a baby change, which the pubs customers had requested in the past. We worked closely with the client during the design stage. We agreed the layout and suggested finishes. The main aim was to maintain the look and feel of the rest pf the pub.

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of -growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Building is -Fensa, Chas, Constructionline and safecontractor approved. We are also a Kent County Council approved contractor. You can be assured that we are a company that is built on trust. If you are planning a building project we would be delighted to provide you with a quotation. We would also be happy to give you a price for any refurbishment works.
