## Commercial Premises Toilet Refurbishment

A local food producer approached us as a result of viewing our website. They were considering refurbishing their commercial staff toilets. During our first meeting, Fourayes Farm Ltd had expressed the need for the facility to be easily cleanable and would like to have an additional toilet cubicle. After changing the positions of a few items we were able to fit in the much needed toilet. The remainder of the toilet area included using SGL, coved vinyl flooring. Additionally, easy wipe ceiling tiles, acrylic eggshell paint and LED lighting were also in our specification.

## Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

## Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Associates is Fensa, Chas, Constructionline and safecontractor approved. We are also a Kent County Council approved contractor. You can be assured that we are a company that is built on trust. If you are planning a building project we would be delighted to provide you with a quotation. We would also be happy to give you a price for any refurbishment works.
