UPVC Door Including Side Screen

Waller Glazing Services have just installed this UPVC door including side screen for Singlewell Primary school in Gravesend. The school's staff kitchen area needed to have the existing glazing system replaced, additionally they required a double glazed door and coloured infill panel. We ensured that the new infill panel colour matched the existing panels in the school. The door and window system is now more secure as well as the thermal efficiency being vastly improved. This will make the room feel warmer and lower heating costs.

Waller Glazing Services

In the last five years, Waller Building and Glazing has worked in over 125 schools. Our reputation in the education sector is growing fast. The glazing services we provide include smaller repairs through to completed UPVC and aluminium window and door installations. Waller Building and Glazing is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of glazing project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Glazing Services We Provide in Schools

We cover all the building as well as glazing services that a school would require. This includes, glass repairs and window installs. We also install repair handles, hinges and double glazed units. Check out our website case studies to see projects we have recently completed.
