Project 266: Log Cabin Storeroom

Client: Kemsley Primary School

Programme: 1 Week

Construction Details: Access Ramp, Decorations, Floor Coverings, Timber Structure

View this case study on WallerServices.com

Log Cabin Storeroom

The log cabin storeroom came about when the school approached us with the idea of a new storage area that didn't look like a store shed. The school decided on a cabin style for the final design, plans were drawn for the school to allow them to apply for planning permission which was approved. The cabin was erected on a solid timber base with an access ramp to assist the site team with their every day activities. The finished result was -a lovely timber cabin painted to complement its surroundings and has provided the school with a very impressive looking store shed.

Waller Building Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor approved company. We are also a Kent County Council approved contractor. All of our workmen are DBS checked. This means you can be assured that our staff are suitable to work in schools. You can also be confident that we are a company that is built on trust. If your school is planning any size of building project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.
