School Sports Hall Refurb

Ludgrove School requested that we carry out this school sports hall refurb. -After seeing a previous case study on our website, Ludgrove School contacted us to look at improving the school's sports block. The works required completely resurfacing the main hall and applying new line markings designed specifically for the school's needs. Decoration to the hall walls provided a fresh feel to the large dark room. Additionally, we added 4 new cricket nets to provide the boys with a facility where they can reach their full potential. The surrounding access routes and viewing areas were also enhanced with new floor coverings and decorations. As you can see from the photographs the transformation is amazing.

For additional information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Services is Fensa, Chas and Constructionline registered. All of our workmen are DBS cleared. This means that our staff are suitable to work in schools. If your school is planning any size of project, we would be delighted to provide you with a quotation. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

We cover all building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
