Westlands School Toilet Refurbishments

For the Westlands school toilet refurbishments, we started by completely stripping out the existing boys and girls toilets. This scheme aimed to provide an open plan space that would help to prevent loitering and minor vandalism. The project included removing the original walls which separated the toilets from the corridor. We then removed the existing suspended ceilings and built new full length cubicle partitions. Additionally, each cubicle included new sanitryware and concealed plumbing. We also completely redecorated and installed vinyl flooring throughout.-The final touch were two fantastic new hand wash islands.

For information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor registered. We are also a Kent County Council approved contractor. All of our workmen are DBS cleared. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
