

## Project 278: Garage Block Installation

**Client:** Optivo

**Programme:** 3 Days Per Block

**Construction Details:**

[View this case study on WallerServices.com](https://www.wallerservices.com)

## **Garage Block Installation**

Waller Building Services completed this garage block installation project for a local housing association.

We were approached by Optivo to install new prefabricated garage systems at various locations in the Swale area. The client had removed the pre-existing garages that had fallen into disrepair allowing us to carry out required preparatory works before installing the new garages. Additionally, we also had to carry out works after the installation to adapt existing boundaries, buildings and fences to the new garages which included on site steel fabrication. During all stages of the works, we were aware that we had to consider interaction with the general public to ensure appropriate segregation and using safe working procedures at all times.

-

## **Commercial Building**

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

## **Waller Building**

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Associates is Fensa, Chas, Constructionline and safecontractor approved.- You can be assured that we are a company that is built on trust. If you are planning a building project we would be delighted to provide you with a quotation. We would also be happy to give you a price for any refurbishment works.
