## School Art Room Refurbishment

Waller Building Services carried out this school art room refurbishment in Bexleyheath. St Columba's Catholic Boys' School are keen to provide a modern up to date training room for all that use it. The school requested that we utilise and transform a dated room that could become fit for it's new purpose.

Using clean lines and modern finishes a new training room was created. The works started by the removal of unused sinks and paperwork, construction of an acoustic wall, installation of a suspended ceiling, full decoration and finally a new floor was laid.

Feedback from all users of the room have been very positive and the school are looking forward to utilising the new space.

For information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

## -Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is registered to Fensa, Chas, Constructionline and Safecontractor. We are also a Kent County Council approved contractor. All of our workmen are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

## Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

## Glazing Services We Provide In Schools

We carry out works from window and hinge repairs. Additionally we carry out complete aluminium and uPVC window and door installations.
