Boys School Toilet Refurbishment

Waller Building Services has just completed this boys school toilet refurbishment in Bexleyheath. A set of toilets at this boys school were in need of a refurbishment after serving the school well for many years. The decision was made to go back to the bare bones of the room and carry out a full refurbishment. The works involved, striping all walls and plastering, replacing the flooring. Additionally, installing a new suspended ceiling including LED lighting completed the transformation with complete redecoration and cubicle systems being installed.

Furthermore, the materials used are hard wearing and will provide the school with a facility that will operate for many years to come.

For information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor registered. We are also a Kent County Council approved contractor. All of our workmen are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
