School Window Installation Phase 3

This school window installation phase 3 project was the final installment of a three year rolling project for the academy trust. The whole of the school now has UPVC double glazed windows and doors which will increase the thermal efficiency of the building and save on heating costs. Additionally, the new double glazed windows have vastly improved the look of the school, providing a new and modern feel.

For information on other building and glazing projects that we carry out in schools, please click on the following link-<https://wallerservices.com/schools-education-clients/>

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor registered. All of our workmen are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
