Classroom Reconfiguration

For the classroom reconfiguration at Dame Janet Nursery, we needed to utilize the space of two current rooms. This was to enable the nursery to generate a large art area for the children. We infilled the existing office doorway and removed an internal wall to create one large space. A new suspended ceiling, and safety, non-slip flooring was installed. The school chose vibrant colours and we decorated the whole room throughout. The final finishing touch was to custom fit kitchen cupboards and wash basin at a height that was appropriate for nursery school children. Dame Janet Nursery now have a large bespoke area for art and are thrilled with the results.

For information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast.
