Lordswood Social Club Toilet Refurbishments

The Lordswood Social Club toilet refurbishments consisted of updating both the male and female toilets. Works involved the installation of new decorative wall panelling and suspended ceilings. Additionally, toilet cubicles with panelled ducting, vanity units and sanitry ware were also installed. New LED lighting was also fitted to provide the areas with a fresh feel. The works were carried out to a strict works schedule in order to minimise any disruption of the day to day running of the club. This helped ensure that the final result was to the client's complete satisfaction.

For more examples of commercial works carried ut by Waller Building and Glazing Services please click on the following link-https://wallerservices.com/commercial-clients/

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Associates is Fensa, Chas, Constructionline and safecontractor approved. We are also a Kent County Council approved contractor. We would also be happy to give you a price for any refurbishment works.
