Wilshere Dacre Academy Toilet Refurbishments

After working with this school on past projects, we were asked to carry out the Wilshere Dacre Academy toilet refurbishments during the summer holidays. Both boys and girls toilets were in need of updating. We carried out full refurbishment works and started by stripping out the toilets back to the bare walls. This made the rooms ready for the reinstatement of an up to date and modern cubicle system. Additionally, all sanitary ware was replaced. The next step was to over board the existing walls with new hygienic wall cladding. The new cladding helped to create a bright open feel to the toilets. An extra benefit of the hygienic wall cladding is that it is easily wipeable and helps to keep the rooms looking clean. Finally, a new anti-slip, vibrant floor covering was laid to give the new toilets the full makeover.

For information on other building and glazing projects that we carry out in schools, please click on the following link-https://wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last six years, Waller Building has worked in over 135 schools. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safecontractor registered.- Additionally, all of our staff are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
