Parish Council Hall Entrance Extension

We carried out this parish council hall entrance extension for Boxley Parish Council. The project entailed building an extension to the council's committee room and main entrance. The works consisted of extensive groundworks, new external cavity walls and an innovatively designed roof incorporating both pitched and flat roof details. Additionally, new uPVC windows and entrance doors were installed along with acoustic doors and walls internally.

Waller Building and Glazing Services

In the last seven years, Waller Associates has worked in over 150 schools plus other commercial clients. Our reputation in the education sector is growing fast. The building services we provide include smaller refurbishments through to extensions and new builds. Waller Building is a Fensa, Chas, Constructionline and Safe contractor registered.- Additionally, all of our staff are DBS certified. This means that our staff are suitable to work in schools and situations where we could come into contact with vulnerable people.

Building Services We Provide In Schools

We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations. Please take a look at our glazing case studies to see examples of the works we carry out.
