Grammar School Toilet Refurbishment

We carried out this grammar school toilet refurbishment during the summer holidays. Borden Grammar School have been looking to improve the west block toilets for a number of years. The existing facility was old, tired and felt very enclosed.

The toilets were completely redesigned with a new layout being agreed which would provide a light and open feel to the room. Four new toilet cubicles were installed along with five urinals and a stand alone hand wash station. Additionally, a new cleaner's cupboard was created, complete with a sluice sink and shelving.- Decoration throughout and new flooring provided the finishing touch. The school was over the moon with the results.
