Re-roofing Swale Academy Trust's Head Offices

Re-roofing Swale Academy Trust's head offices was a project that we carried out during the summer. The head offices were in desperate need of a new roof. Over the last ten years the condition of the roof covering had deteriorated so badly that leaks were common and the damage had started to effect the working areas below. The new Sarnafil roofing membrane was installed over new insulation to provide a thermal, water tight finish complete with a 20 year guarantee.

To improve the working environment, additional new roof lights were installed to allow natural light to enter darker areas of the building. As you can see from the photographs the transformation is remarkable.

For similar projects that we carry out in schools please click on the following link to the education section of our website-https://www.wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last eight years, Waller Associates has worked in over 150 schools. Our reputation in the education sector is growing fast. Waller Building and Glazing is Fensa, Chas, Constructionline and Safecontractor registered.- Additionally, all of our staff are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

The building services we provide include smaller refurbishments through to extensions and new builds. We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
